Why **NCLEX Certification?**

The NCLEX (National Council Licensure Examination) is crucial for nurses who wish to pursue their careers abroad. It assesses whether you possess the minimum knowledge necessary to perform safe and effective entry-level nursing care in countries like the **US, Canada, Australia, and the UK.**

Benefits of **NCLEX**

- ▶ **Global Opportunities:** Work as a Registered Nurse in the US, Canada, Australia, or the UK.
- ▶ **Government Job Eligibility:** Qualify for government exams like AIIMS, CGHS, and ESCL in India.
- ▶ **Career Flexibility:** Opportunity to work as a Clinical Investigator in top MNCs like Optum, Omega, Accenture, Cognizant, etc., with an average salary of 5LPA.
- ▶ **No Age or Attempt Limits:** You can attempt the exam multiple times without age restrictions.

Eligibility Criteria

- ▶ **Who Can Apply:**
 - Registered Nurses (RNs) in India
 - Nursing Diploma, Graduation, Masters, Doctorate holders
- ▶ **Not Eligible:**
 - ANM (Auxiliary Nurse and Midwife)
 - MPH (Diploma in Multipurpose Health Worker)

Note - Candidates must also clear IELTS (for the UK, Canada, Australia) or TOEFL (for the US) based on the country they are applying to work in.
